

Thanks for remembering timekeepers as part of this - in too many areas the TK's are an afterthought, but APSJ has always remembered that the off-ice officials are officials too.

Thanks Mitch for all your hard work. Without your mentorship I wouldn't be officiating at the level I am today.

Thanks...Ross MacKeen.
Leadership at the HW level
for refs.

AP & SJ for creating a mentorship program to support both referees and timekeepers. Our area has some of the best officials in the city, it's exciting to see the knowledge and experience being passed down to the next generation of officials. Mentorship is also a great networking opportunity for newer officials who want to progress in their timekeeping or refereeing career.

I want to thank Mitchell for all the mentorships he has given me and all the time he commits to developing new officials.

Shawn Moder & Keenen Guimond are great to work with. They are a good example of what a great official is and they make the game fun.

I would like to say thank you to Leah another female ref in St. James / APHA she really helped me alot last year, I would also like to say thank-you to Mitchel Jeffery for being a great teacher and mentor.

MJ...ALWAYS appreciate the mentorships provided and feedback

Thanks to Noah who told me to ref...I like it and it is great money and exercise

Mike, Jorie, Josh, Bryce, and Ted. This is impossible without your leadership. Those from my past: Ken Lazaruk, Gord Lins, Randy Dalton. Thank you for being with me through this.

Thanks mentors...I have no clue how many mentorships we do a season...but its gotta be a lot.

Thanks to everyone who makes this sport possible

All of the other officials and mentors - without you, there'd be no hockey game!!!

Harms and Fedak are awesome to officiate with. I appreciate our laughs on the ice and off ice eating our Taco Extravaganza post-game

Thank you Mitchell, amazing mentor, and thank you Bryce for everything you do

Over the past couple years all the mentors have been great to develop proper techniques.

Thanks Mitchell for your dedication.

Mitch, Mike, and Ross: Without all of you, I wouldn't be the official I am today. Since day 1, you all have supported me, trusted me, and pushed me to succeed. Once again, thank you very much. Can't wait to skate together again soon!

Huge thank you to Danny Wicha - was great on ice and spent time after talking to me in refs room.

Jace, you were a great mentor in my first game. Thanks!

This community. Refs, TKs, mentors, Execs...APSJ...thanks for the support.

Thank you to Mike and Mitchell for their continued support and encouragement.

Thanks to the Apsj official mentors and organizers! These men and ladies are like a family.

Mitchell Jeffrey, Mike Fedak etc. for helping me in my early days in reffing and assisting me to get to AAA.
